

Feb. 24, 2009: The New York State Office of General Services (OGS), Procurement Services Group (PSG) awards Security Systems and Solutions (77201) contract to Activu.

The Security Systems and Solutions contract enables New York State and authorized agencies to procure Activu's leading net-centric information display and visualization solution. The Activu contract term is 5 years (with a provision for extension) and is applicable on a statewide basis for the provision of 'security products, installation, system integration and maintenance' (Lot 3 category).

In addition to New York State agencies and political subdivisions, other groups authorized by state law to participate include local governments, public authorities, public school and fire districts, public and nonprofit libraries, and certain other nonpublic/nonprofit organizations.

About Activu

Founded in 1983, Activu Corporation designs and builds turnkey distributed information display and collaboration solutions for command and control rooms. As a net-centric solution with Activu software running on leading brand COTS hardware, Activu provides unparalleled information sharing and collaboration capabilities.: anyone anywhere can access and display any type of data and video information on large scale display walls, panels, desktop monitors and laptops in any location. Activu systems are widely deployed throughout the federal, Military, Intelligence, Homeland Security, Energy, Transportation, Transit and Technology sectors. Activu Corporation, the largest integrator of control room display systems in the US, is an American owned company headquartered in Denville, New Jersey. Activu Federal Solutions Group is located in Arlington (Rosslyn), Virginia. For more information, visit www.activu.com.
